

Customer Setup in Exxas (Matterport) – Instructions

PURPOSE

This guide describes how to register a Matterport tour as a customer asset in Exxas and link it with the appropriate hosting subscription.

CREATE CUSTOMER ASSET

Open Order

- Select the desired order
- Click Customer → open customer record

Create Asset

- Open the Asset tab
- Add tour: enter address, name, and Matterport tour link
- Save

CREATE SUBSCRIPTION

- Open the Subscriptions tab
- Create subscription
- At the bottom under Customer Asset, select the correct asset
- Choose template (e.g. Hosting for 6 months)
- Set start date → select +6 months term
- Create

FINALIZE

- Return to the order
- Select the customer asset
- Mark as completed
